World Hunger Day

Fracht Group fights hunger

Fracht Group and its branches, not only in North America but worldwide, made a remarkable commitment to World Hunger Day by actively participating in a global initiative aimed at eradicating hunger and ensuring a hunger-free world. With over 10 branches involved globally, Fracht employees joined hands to serve their local communities and make a meaningful contribution to combat global hunger.

Earth Day

Fracht Group makes a difference

In honor of Earth Day, Fracht Group branches joined forces to create local clean-up initiatives, showcasing their commitment to environmental stewardship. These actions exemplified the power of unity in addressing environmental challenges and demonstrated their dedication to making a positive impact. Through these collective efforts, Fracht employees strengthened connections with their communities and set an inspiring example for others to follow, promoting a culture of environmental responsibility and eco-consciousness.

Stuffed Animal Drive

Providing support to children in need

Fracht Group Houston organized a stuffed animal drive in collaboration with the Harris County Sheriff's Office Department. Throughout a week in March, the dedicated Houston team gathered a remarkable total of 536 Stuffed animals. These delightful stuffies were then delivered to patrol units, where they would find their way into the hands of brave young children navigating through

challenging and stressful circumstances. Fracht Houston's commitment to spreading happiness and support to those in need demonstrates the power of unity and compassion. Their efforts exemplify how a simple act of kindness can have a profound effect, brightening the lives of children who may be facing difficult times.

CPR Training

World Health Day Initiative

Fracht Atlanta participated in World Health Day by organizing a CPR training session. Fourteen dedicated staff members participated, where they received instruction from a trained professional and actively practiced their newfound skills on specialized training dummies. The session included a meticulously designed curriculum, blending theoretical knowledge with

practical demonstrations and hands-on exercises. Through this experience, participants gained an understanding of the intricacies involved in administering CPR. By prioritizing the development of their employees' life-saving skills, Fracht Atlanta sets an inspiring example, promoting the importance of proactive measures in safeguarding lives.

Million Dollar Trees

The Fracht Group Miami team joined forces for a tree planting event, resulting in 39 magnificent trees finding a new home at Miami Dade Park undergoing rehabilitation. By enhancing the park's beauty, Fracht Group is also contributing to South Florida's Tree Canopy, which currently stands at 23%. Miami's goal is to achieve a 30% Canopy by 2025. Fracht Miami is extremely proud to have contributed time and resources in doing our part to take care of the planet!

Mexico

Dia Del Nino

Delivering toys to pediatric patients

In Mexico, April 30th holds a special significance as Children’s Day—an occasion dedicated to honoring and upholding the rights of children, ensuring their happiness, and fostering their all- round development. Embracing this spirit, Fracht Group Mexico chose to commemorate the Dia Del Nino in a truly unique manner. They seized the opportunity to spread joy on the holiday by working with a foundation known as Ximena: An Angel of Love and Hope and delivered over 100 toys to pediatric patients at the Instituto Nacional de Pediatria.
