

# Children's Smile

In August 2024, Fracht China held a charity activity with all members donating or selling their unused items. The proceeds would be used to buy stationery and daily necessities to primary school students in the mountainous areas of Sichuan Province.

## Children's Smiles

The children received nearly 200 toys and books with big smiles on their faces. These books would open more windows for the children to observe the world. We hope all children can have a healthy and happy future.
